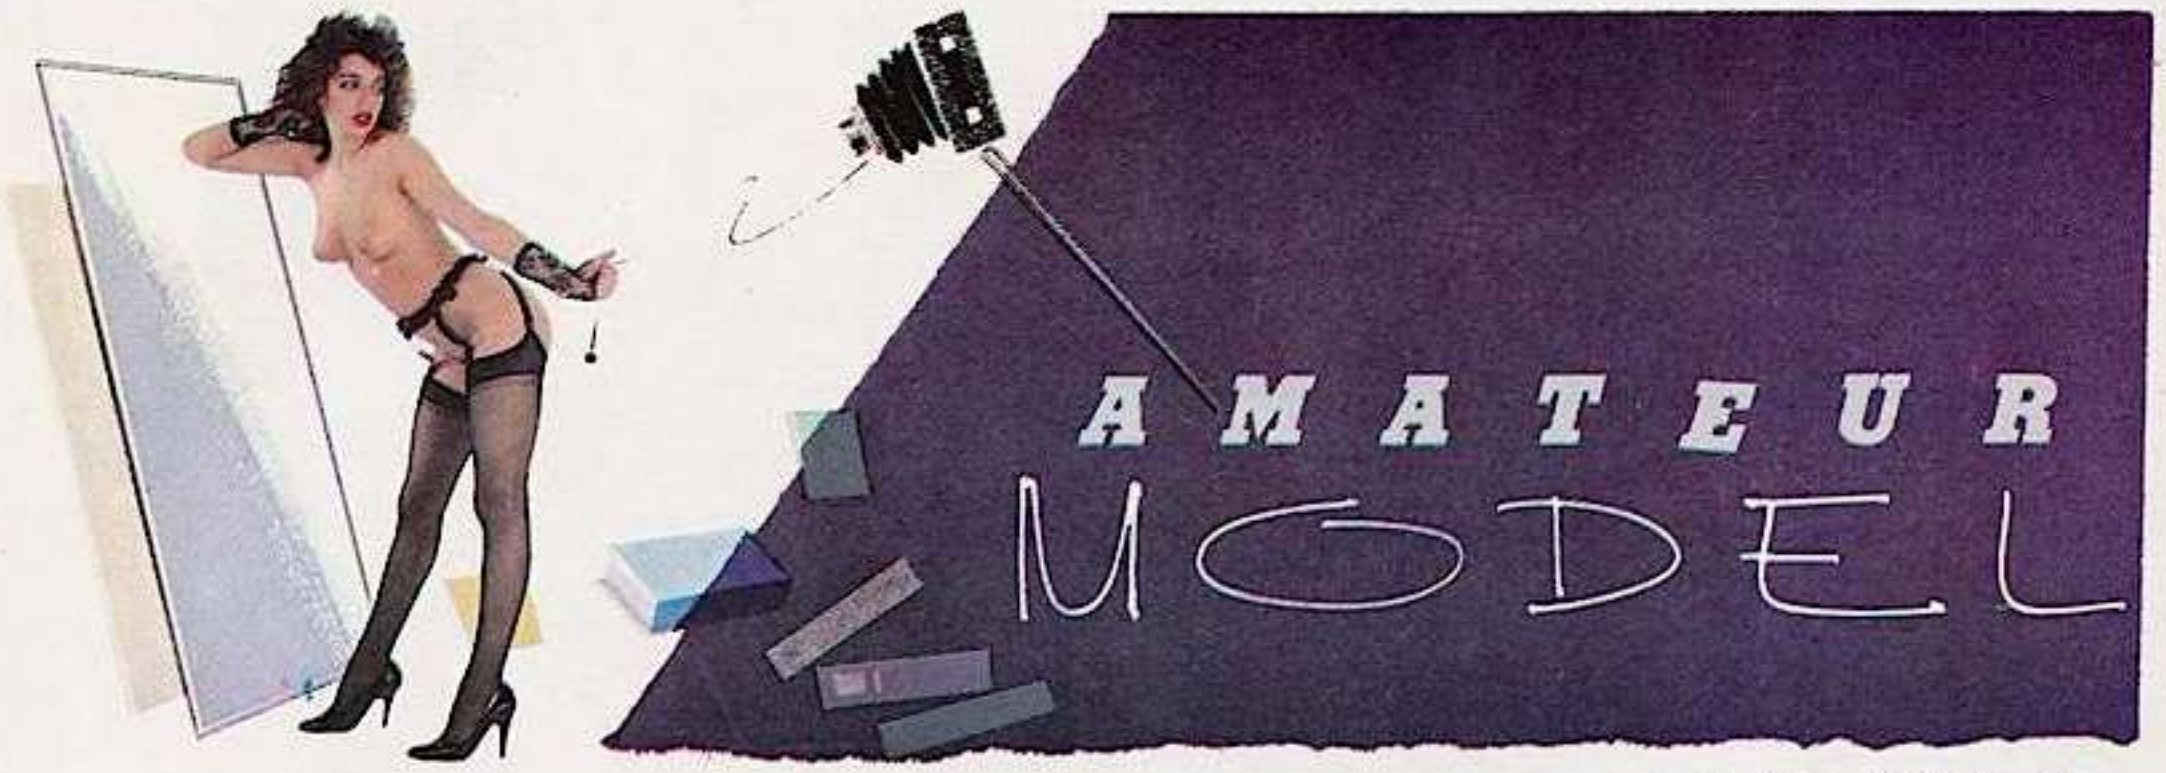
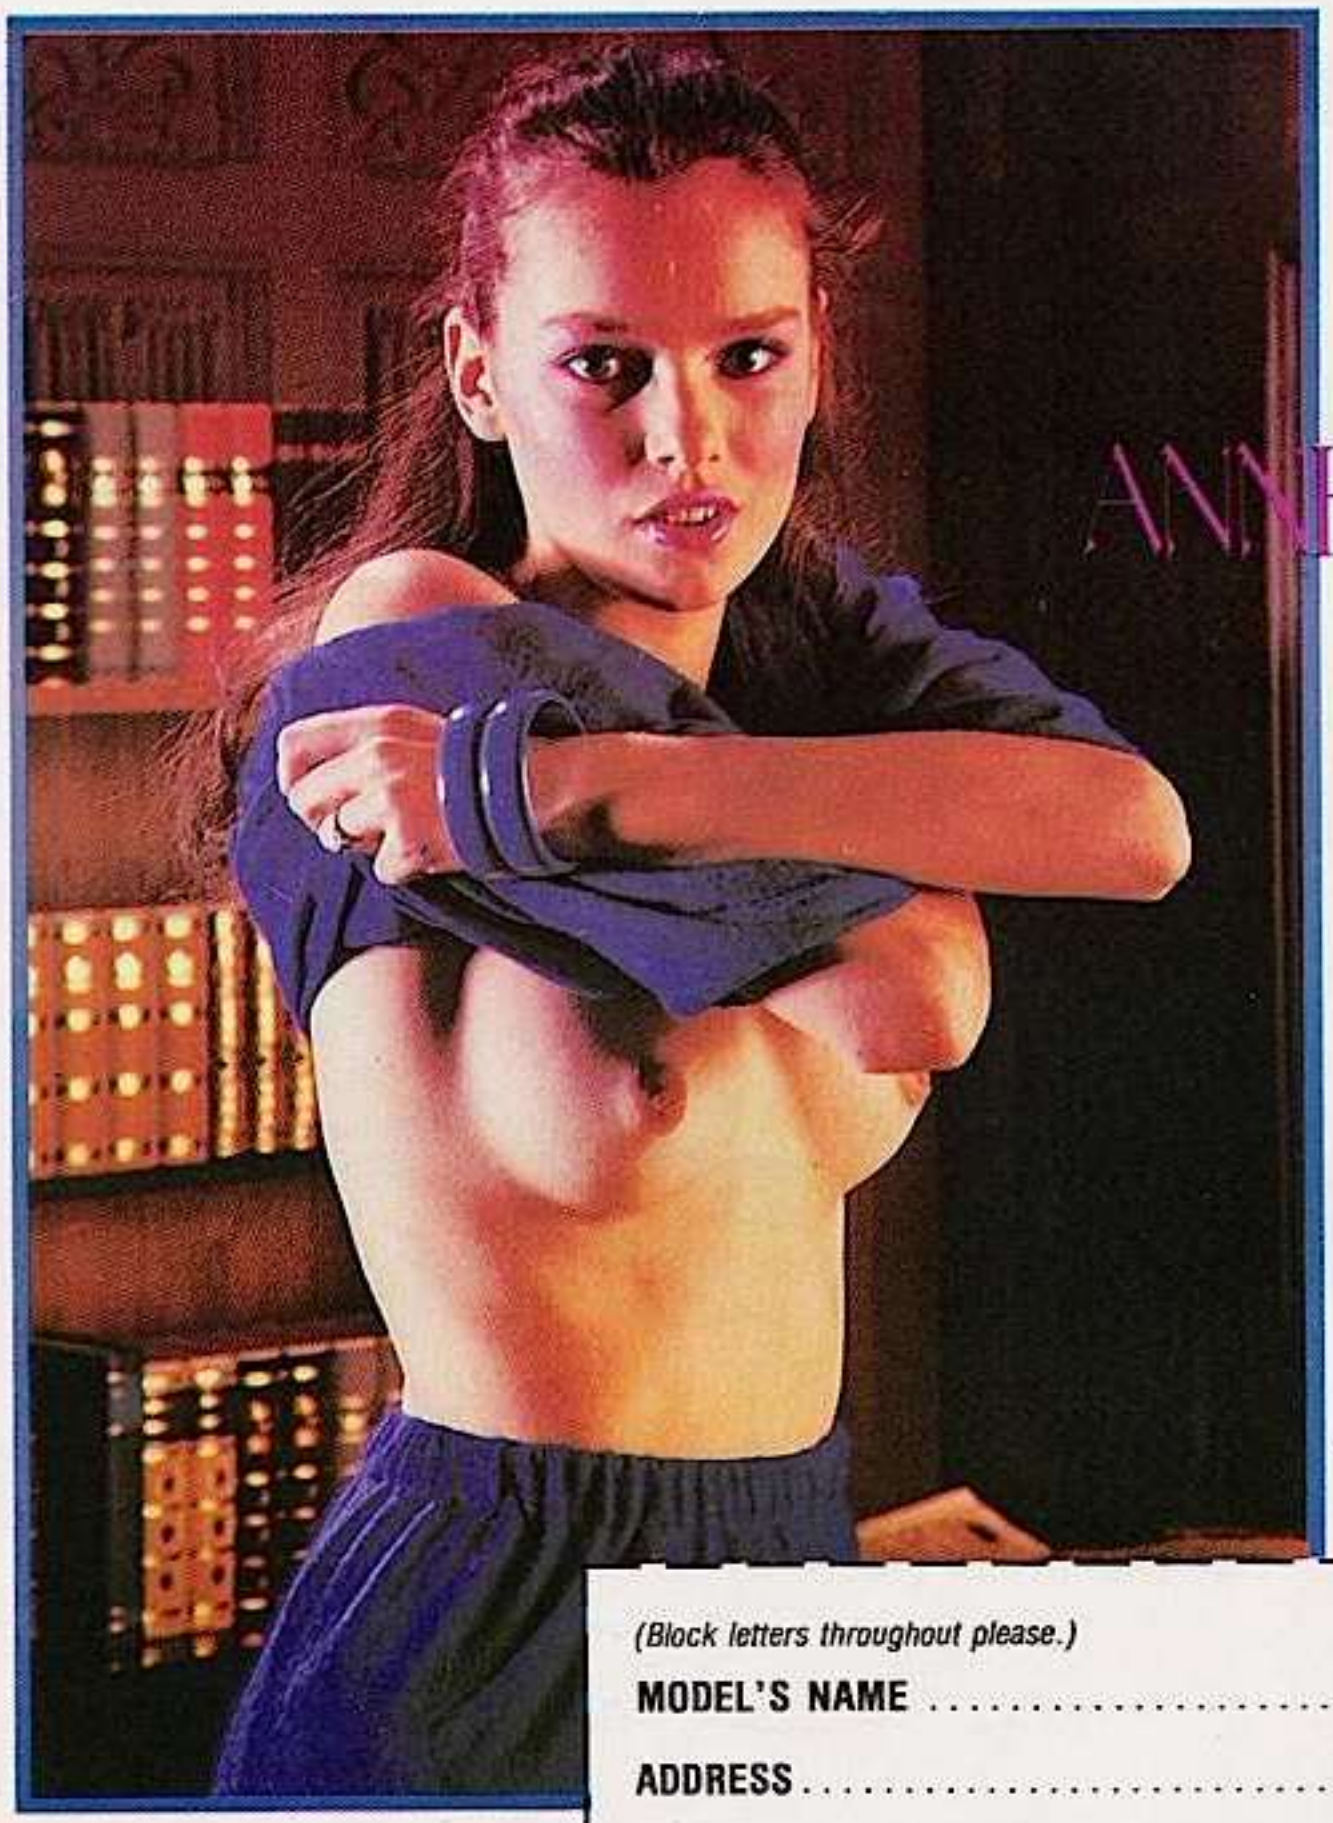
And HAMLET...
Hollywood style



This girl did it — so could you. If you think you could make it as one of our Amateur Models, fill in the form below and send it in with a few rude nude pictures of yourself. Polaroids will do, at least two completely nude — front and back view.



ANNE-MARIE STEELE

As soon as the lovely Anne-Marie's snap shots fell on to our desk, we picked up the phone and booked a modelling session, the results of which we proudly present on these pages. She made the short trip to our London studio from her home in a posh Kentish town, so we were expecting, with some trepidation, an upper crust Home Counties lady with a few, shall we say, airs and graces. How wrong we were! Although she works in a classy little fashion shop now, she took great delight in telling us at great length all the gory details of her previous employment in a sausage factory in her Dorset home town. Really helped us digest our lunch, that, hearing about what happens to all the dodgy bits of pigs . . . Still, we must not complain, she was a lovely lady really. Looks pretty damn good too . . . .

PHOTOGRAPHED BY JACK ROGERS

Sorry — competition over. But we'll still pay you £200 for a day's modelling in our studios if we like your polaroids or prints. And £25 to the friend of photographer who took them. If you fancy getting into glamour modelling, there's no better way to start. So why not have a go . . .

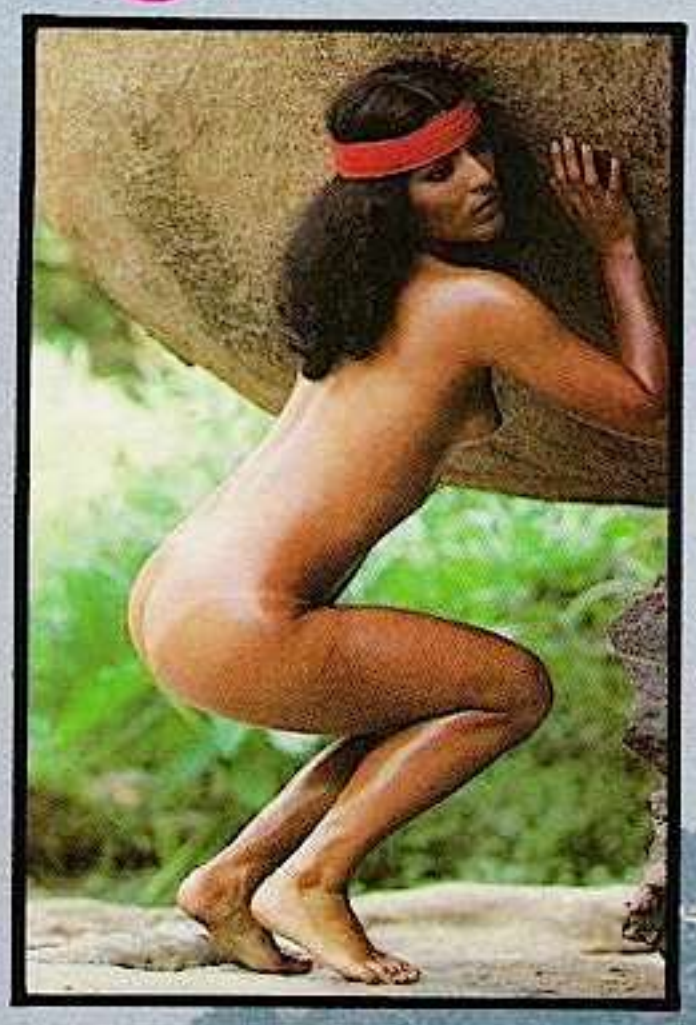
Carnival Girls

Fancy a weekend break to get away from the English winter? How about the Rio Carnival, which will be swinging into action this month? Okay, okay, we know you can't afford to jet off to Brazil just like that. Just to give you a flavour of what you



PHOTOGRAPHED BY SIWER OHLSSON

also couldn't afford if you got there, we thought you'd like to look at these Brazilian beauties that lucky photographer Siwer Ohlsson snapped on his trip to Rio last year. Look, lust, and dream . . .

Waterfalls, beaches, boats, and the beautiful ladies of Rio de Janeiro. What more do you want? The money for your plane ticket? Keep saving those pennies.

CHRISTIE

Yep, you've guessed it, we didn't shoot these pics in England — in fact they come all the way from California.

That explains the cacti (which don't grow too well in Essex), the sunbleached blonde (they don't either) and the climate (no comment), but still singularly fails to explain what Christie is doing with that hosepipe.

That? Well, I suppose she could be . . .

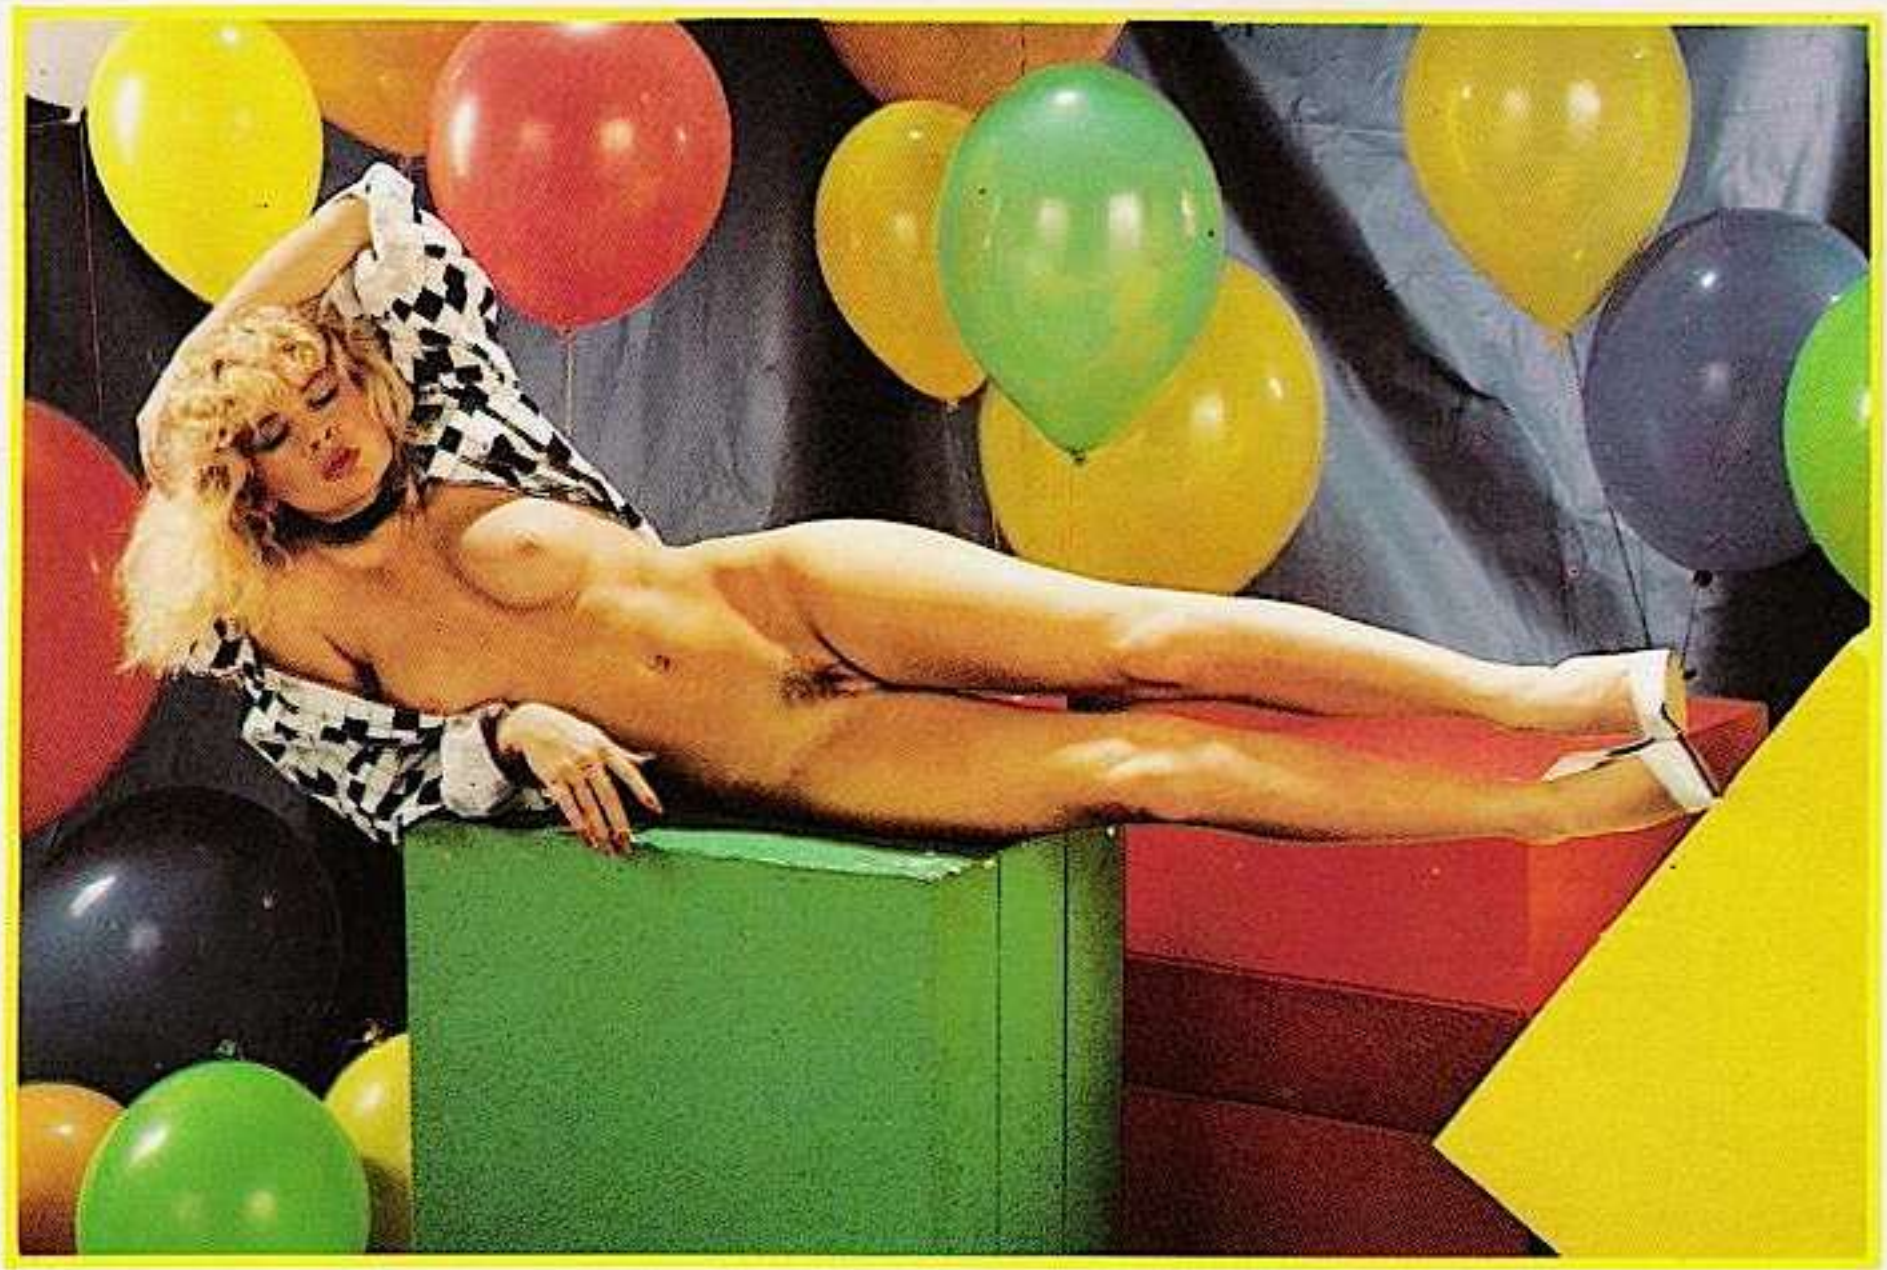
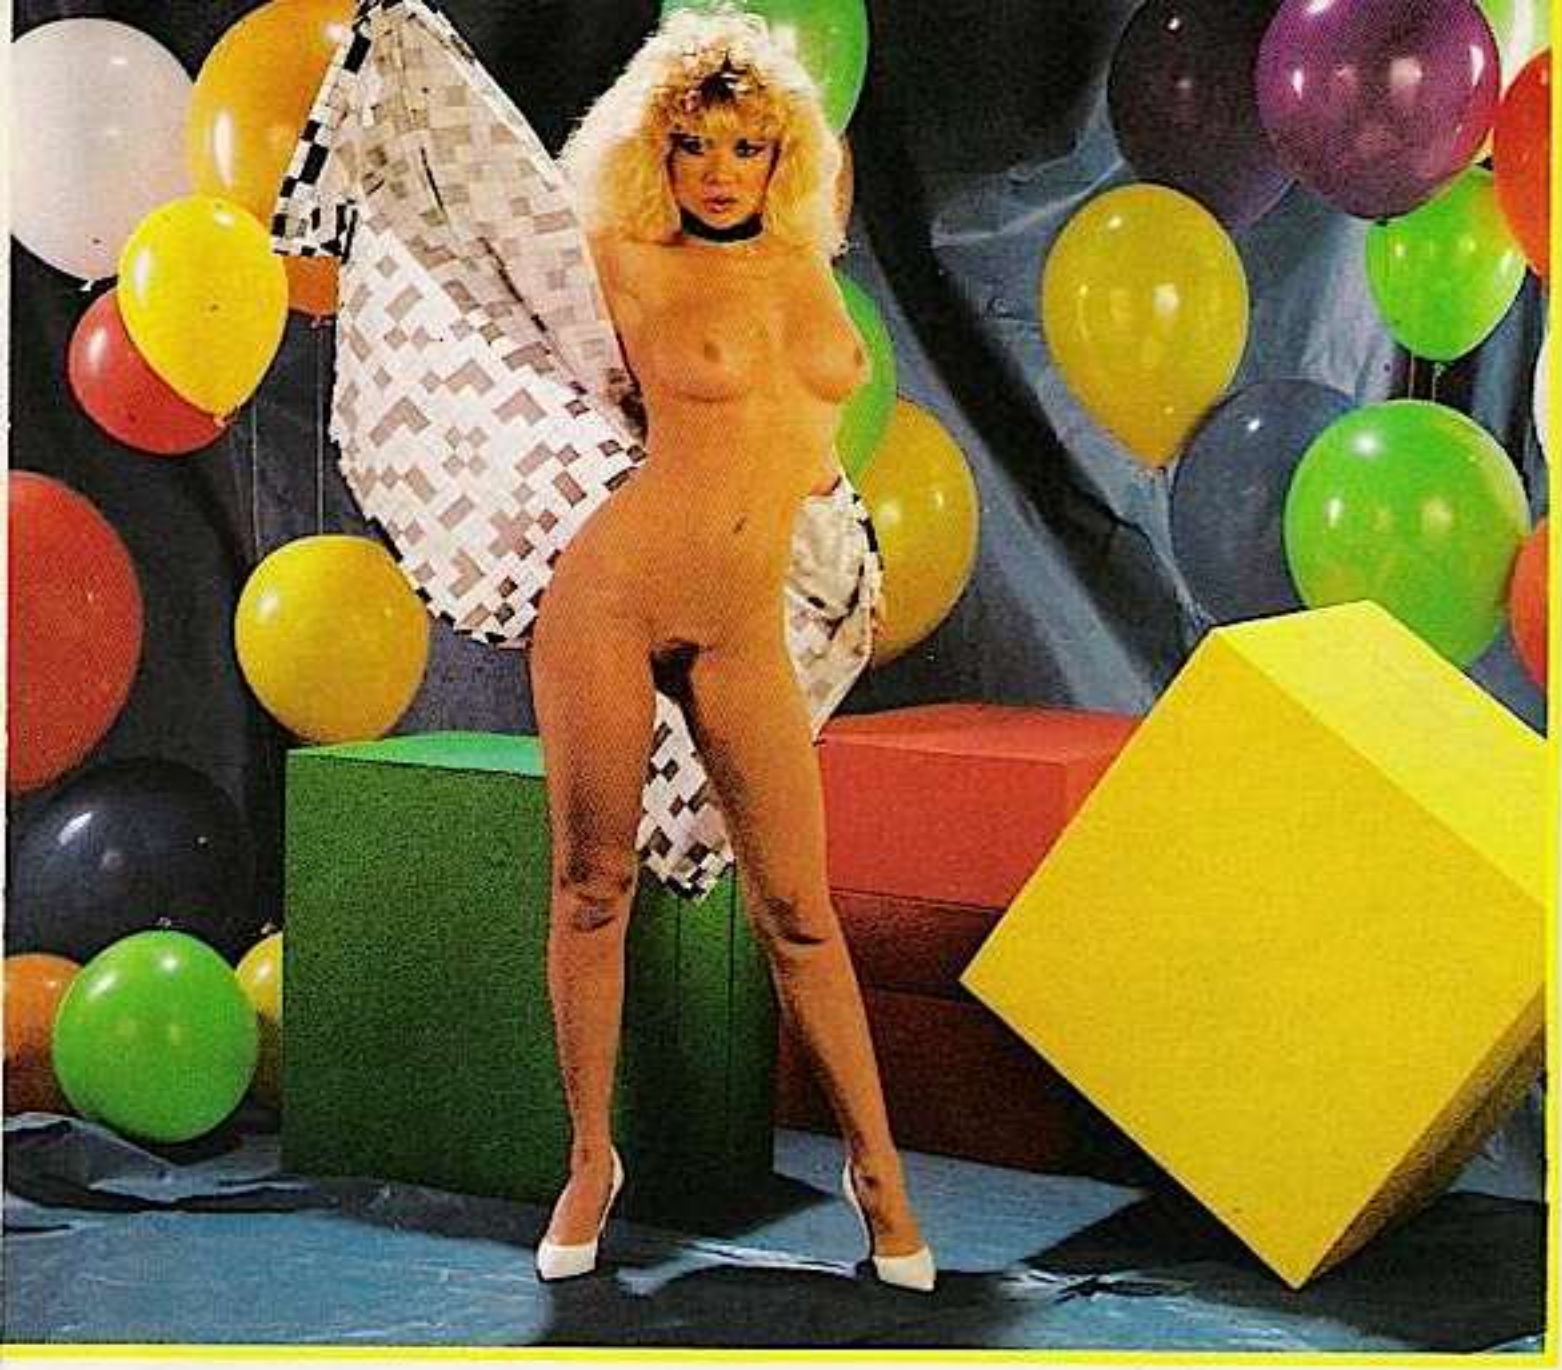
GAIL

PHOTOGRAPHED BY RAPHAEL

The poor old Assistant Editor's eyes lit up when we asked him to pop over because we had a great blow-job for him on the Gail set — although he wasn't quite so pleased when he found out that it involved blowing up 59 various coloured balloons. Perhaps that explains his parting joke (?) about hoping that it blew a gale when we tried to shoot the set.

Still, the result looks pretty, doesn't it? Very colourful with all those matching cube things as well (must have a word with the studio staff about originality and things like that . . .) while Gail just looks her normal delectable self.





Still, on with the show, Gail is a lovely 19-year-old and has never appeared in Knave before, so there's no point looking through all those back numbers to try to catch us out. Measurements? Ah, sorry, the Editor's steel tape was too cold . . . Oh, and by the way, after the session was over we released all of those balloons over beautiful downtown Kilburn. If you find one you could try asking Fiesta's Editor for a prize. You won't get one, but ask anyway . .

Helene

PHOTOGRAPHED BY [illegible] DREW

Yes, we know the name sounds vaguely Greek and classical, and with that jet black hair and finely featured face (sorry, thought you might have noticed the face by now) she could be a smouldering Continental lady. Sorry to disappoint you, but Hellene actually comes from Acton, although we grant you she's got some pretty classical good looks, so to hell with where she's from.

There's not really a lot that we can tell you about Hellene that you can't see from the photographs — come to that there's not really a lot of Hellene that you can't see in the photos — all that we can add is that she's 22, hasn't been modelling for long, and measures the classical (that word again) 36-24-36.

That's not only classical, it's, er, comfortable as well.

IONE

No, it's not the Winter Sales in the carpet department, it's supposed to be the inside of an exotic Bedouin tent — although if the assistants in the sales were dressed like Ione we bet they'd sell a darned sight more carpets.

Actually Ione had spent some time in the soft furnishings department of a big store, so she felt quite at home in our luxurious set, especially as the props man couldn't make the carpet fly like we asked him to.

Ione, by the way, is 20 years old and comes from Liverpool. Liverpool's loss is our gain . . .

Kama

Now here's a confusing thing. Kama (pronounce it with long 'a's) is a name which comes from the Sanskrit, according to our book of words, yet both she and the photographer are Danish, and probably wouldn't know a Sanskrit if it ran them over in the street. More confusing still is that dear old Michael Jützler tells us that the 20-year-old Kama measures a very attractive 86 - 60 - 70, and stands 160cm tall in her white-stockinged feet. The company abacus has been rushed into service at considerable expense, and that reckons she's 5ft 3in tall, in real money, and measures 2ft 10in - 1ft 11in - 2ft 3in. Eh? Oh, perhaps you'd find it easier if we said 34 - 23 -27?
